# Home Care Private Fee Schedule

Effective 1st March 2025

At St Sergius, we understand that waiting for government subsidies can be a lengthy process, often accompanied by long waiting lists. This delay can lead to a decline in aged care health, which is why we offer private options to access essential services while you wait. We also recognise that some individuals may not qualify for government subsidies, making our private options a more financially beneficial choice. Our fees include care management support and administration costs.
